CHAPTER 1

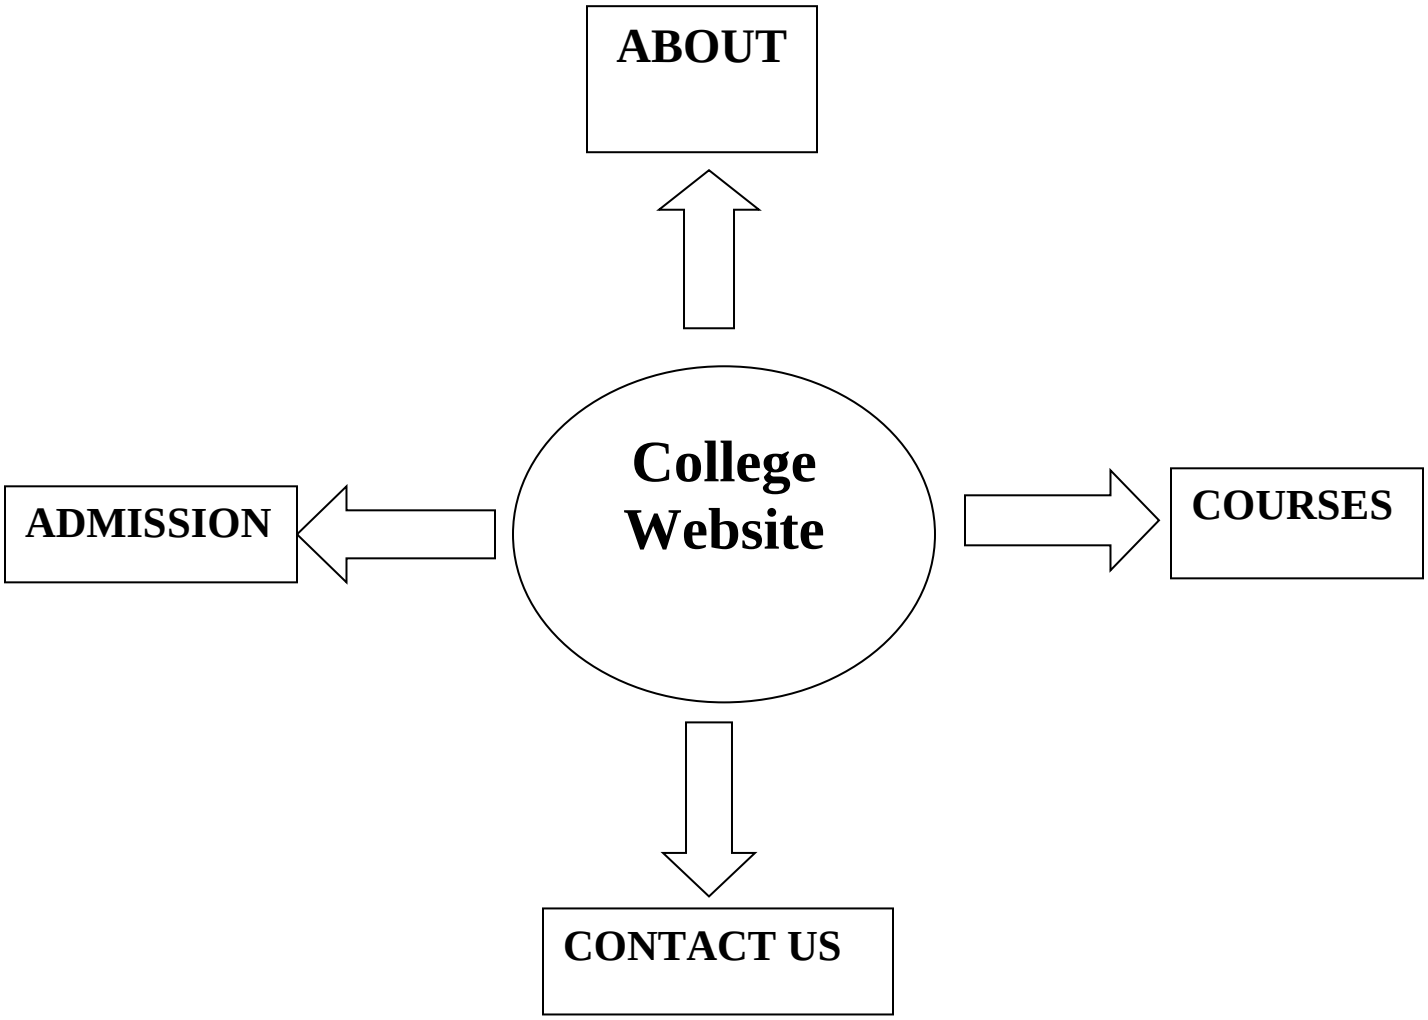
INTRODUCTION

Here, I let you know about this website every organization, whether big or small, has challenges to managing the information of Student like course, branch, faculty, fee structure and different types of records. Every college website has different college needs. So, all information about the college is available on their own websites.

Basically this is a college website and this website provides information about courses and facilities provided by any particular college or universities and this website helps the students to find the best courses in this college for their graduation. And in this college website we provide all information that should be provided by any institutions like courses , placements, Facilities , reviews of students , About us , contact us , and the address of College.

CHAPTER – 2

DATA FLOW DIAGRAM



CHAPTER 3

TECHNOLOGY BUCKET

3.1) Description of HTML

- The <! DOCTYPE html> declaration defines this document to be HTML.
- The < html> tag encloses the complete html file and contain the header i.e. <head>…. </head> tag and the body tag i.e.
  <body>…. </body>.
- The <head> tag contains the header of the file and also contains the <title>… </title> tag and the <style>... </style> tag of css.
- The <title> tag contains the title of the html file which shows in the header of the browser.
- The <body> tag contains all the contents of an html document such as headings, paragraphs, images, hyperlinks, tables, lists etc.
- The <h1> tag in html indicates a heading on a website. Html has six different heading tags – h1, h2, h3, h4, h5, h6.
- The tag in html defines a division or a section in an html document.

3.2) Description of CSS.

- The CSS is used for describing the presentation of a document written in a markup language like html.
- The background-image property is used for set the image in the background. Syntax: body {background-image: url ('file name');}
- In the CSS, a class selector is a name preceded by a full stop (".") and an ID selector is a name preceded by a hash Character.
- It is used to identify one element and class is used to identify more than one element.
- Margin and padding are the two most commonly used properties for spacing out elements. Margin is the space outside something and padding is the space inside something.
- The: hover selector is used to change the style of a button When you move the Mouse over them.
- The border radius property defines the radius of the element's corners. This property allows you to add rounded corners to elements.

3.3) Description of Javascript.

- Alongside HTML and CSS, JAVASCRIPT is one of the core technologies of the World Wide Web.
- JavaScript enables interactive web pages and is an essential part of web applications.
- Validating input values of a web form to make sure that they are acceptable before being submitted to the server.
- Animation of page elements such as fading them in and out resizing and moving them.
- Interactive content, such as games and videos.
- Loading new page content without reloading the page.

         <p>
            Take a leap towards the next stage of your career with the MBA program that has been thoughtfully designed
for working professionals.<br>
            Unlike a correspondence program, a distance education program by NMIMS Global supplements your
learning with live online lectures & study material.
            <br> All programs are also structured and scheduled to allow for a fulfilling work, life & study balance.<br>
            Moreover, you get the added advantaged of securing a degree from SVKM'S Narsee Monjee Institute of
Management Studies.<br>

            Free Courses are a unique ecosystem within upGrad to help you stay ahead of the curve and experience a part
of upGrad's learning experience free of cost.<br>
```

```
            You can choose courses from Business Basics, Data Science, Marketing, Machine Learning & Technology
and build your foundational knowledge over a couple of hours.<br>
            You will have access to Cutting Edge Content that is entirely Self-Paced, a Live Discussion Forum to ask
your questions <br>
            and to interact with others in your class, and a Certificate on successful completion of the course, free of cost.
